CONTACTS, EVALUATIONS AND TELEPHONE CALLS

Off-Campus Recruiters
An institutional staff member is not permitted to recruit off campus until he or she has been certified on an annual basis as to knowledge of applicable recruiting rules.
Telephone Calls During Conduct of Athletics Contest
Telephone calls to a prospect [or the prospect's relatives or legal guardian(s)] may not be made during the conduct of any of the institution's intercollegiate athletics contests in that sport from the time the institution's team reports on call at the competition site at the direction of the coach until the competition has concluded and the team has been dismissed by the coach.
Telephone Calls - Institutional Staff Members -- General Rule
All telephone calls made to and received from prospects (or the prospects' parents, legal guardians or coaches) must be made and received by the head coach or one or more of the assistant coaches who count toward the numerical limitations in that sport.
Visits to a Prospect's Educational Institution
Visits to a prospect's educational institution that will occur during that portion of the day when classes are being conducted for all students must receive the approval of the executive officer (or the executive officer's designated representative) of the prospect's educational institution.
Tournament Exceptions
Visiting a prospect's educational institution on consecutive days during a particular week to observe a tournament or tier of a tournament shall count as a single visit.
Counting Contacts and Evaluations
Evaluations that occur during the academic year count against the permissible number of recruiting opportunities. Outside of the academic year, evaluations do not count against the annual number of recruiting opportunities. Contacts that occur with a prospect count against the permissible number of total recruiting opportunities regardless of the time period (e.g., academic year or outside the academic year). All contacts and evaluations are subject to recruiting calendar restrictions.
Prospective Student-Athlete's Educational Institution
Any staff member desiring to contact a prospect at the prospect's educational institution first shall obtain permission for such contact from that institution's executive officer (or the executive officer's authorized representative). Contact may not be made during the time of the day when classes are in session.
Practice or Competition Site
Recruiting contact may not be made with a prospect prior to any athletics competition in which the prospect is a participant during the day or days of competition, even if the prospect is on an official or unofficial visit. Contact includes the passing of notes to a prospective by a third party on behalf of an institutional staff member. Contact and communication restrictions are as follows:
a. No in-person contact with a prospective student-athlete or the prospective student-athlete's relatives or legal guardians during the day of the prospective student-athlete's competition (e.g., before and after the competition).
b. Coaching staff members may not send electronic correspondence to a prospect while he is on call for competition at the competition site (e.g., arena, stadium).
c. Coaching staff members may send general correspondence to a prospect while the prospect is participating in an athletics event, provided the general correspondence is sent directly to a prospect (e.g., the front desk of the hotel, the prospective student-athlete's personal fax machine) and there is no additional party (e.g., camp employee, coach) involved in disseminating the correspondence.
d. All communication with a prospect's coach (other than a high school coach who is not attending the certified event) or any individual associated with the prospect as a result of the prospect's participation in basketball, directly or indirectly, is prohibited during the time period in which the prospect is participating in a certified event.
Athletics Events Outside Contact Period
In-person contact with a prospect shall not be made on or off the member institution's campus at the site of practice or competition or for any athletics event in which the prospect participates outside the permissible contact periods. When a prospect participates in an athletics contest or event (including a noninstitutional, private camp or clinic) on a member institution's campus outside of a contact period, it is not permissible for an authorized institutional staff member to have contact with the prospect until the calendar day following his or her release from the competition. Further, if a prospect is visiting an institution's campus immediately before or after participating in an athletics contest or event on the institution's campus, the prospect must depart the locale of the institution the calendar day before or after the contest or event.

EVALUATIONS

Academic Year Recruiting Periods
All evaluations during the academic year evaluation period shall be limited to regularly scheduled high school, preparatory school and two-year college contests/tournaments, practices and regular scholastic activities involving prospects enrolled only at the institution where the regular scholastic activities occur.
April Evaluation Periods
Evaluations of live athletics activities during the April Evaluation periods shall be limited to nonscholastic events that are certified.
Summer Evaluation Periods
During the summer evaluation periods, a member of an institution's basketball coaching staff may attend institutional basketball camps and noninstitutional organized events (e.g., camps, leagues, tournaments and festivals) that are certified.
