

ROCK CHALK JAYHAWK
POSTGAME QUOTES

// 2019-20 KANSAS WOMEN'S BASKETBALL

DECEMBER 15, 2019 // 2019-20 KANSAS 86, SAINT MARY'S COLLEGE 81

Head Coach Brandon Schneider

On the lessons they've learned throughout the season...

"The big thing is we had some people not play very well at all, but those same individuals kept their heads in the game. Aniya didn't play very well then made some pretty big plays. KB [Zakiyah Franklin] didn't play very well and then made free throws. Being able to have a little bit of an off night but stay engaged and make big plays says a lot for a really young group."

On the comeback win.....

"We did a lot of things we are going to have to address..., but the last two minutes when we had to execute, make plays, and be good out of time out, I give my players a lot of credit for their focus and execution."

On what was said during the timeout with 1:14 left....

"We focused on getting one stop at a time and execution. We talked about following stops and let's take looks in transition if we can get easy buckets, but if not here are a few things we can run down the stretch and here is what we are going to look for."
