UNIVERSITY MEN'S AND WOMEN'S QUOTES

Sam Froese, Kansas University
Anchor of the Bill Easton 4-Mile Relay -- 2nd place

"We didn't win. I knew they (K-State, Michigan) were there. They ran a great race, especially K-State. They let me lead in the third leg and then he just overtook me. Yeah, it's a rivalry (K-State). I hate to see them beat me."

Julia Campbell, Barton County Comm. College
Women's 880 Relay, Anchor -- 1st place

"I felt very good. I think we could have run faster. I didn't do my best because my muscles were too cold. It's just another track race."

Matt Kiesow, Augustana College
Wes Santee 1500M Run -- 1st place

On the race - "There was a lot of shoving early. It went by kind of slow. I'm glad to win, but I wish I could have been a little faster. But it's not bad considering the weather conditions. I just wanted to run under a 3:50."

On the KU Relays - "It's nice to come to a big meet. I enjoy the track setting here."

Jason Goertzen, Kansas State
4-Mile Relay - Anchor -- 1st place

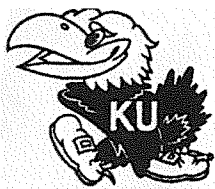

On the weather - It was a little windy, but you can get rid of that if you focus. I wanted to get behind Froese and use him to block the wind a little bit."

John Bazzoni, University of Kansas, freshman
Men's Pole Vault -- 1st place

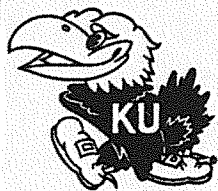

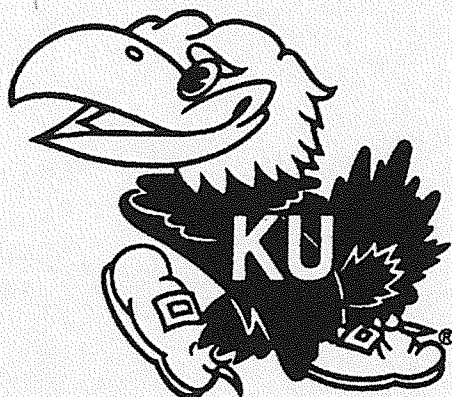

"I was surprised that 16 feet won it, especially for the KU Relays because this is the KU Relays where you expect 17 feet to win it. The weather really wasn't a factor. Once I got warmed up I had a nice tailwind behind me and I liked that. I thought everybody should have jumped better, though."

On his performance:

"It's kind of a letdown after last week's Nebraska Invitational when I did a personal best of 17 feet, 1 inch. I still have more years to improve and I hope the winning stays in the KU family."

UNIVERSITY OF KANSAS QUOTES

MaryBeth Labosky, High Jump (1st)

"It was very difficult to stay warm. In the high jump you can easily get cold fast waiting for your turn to jump. However, I don't think the weather affected my performance overall. Compared to my performance at the Relays last year, I feel like this year went really well."

Katrina Lawrence, 400 M Dash (11th)

"It was extremely cold and I couldn't even feel my body when I was running. Because I was so tight before the race, I wasn't sure if I would run well. I ran a lot better than I thought I would. Competing in the Relays on the college level is a lot different than in high school. There's a lot better competition."

Kwanza Johnson, 400 M Dash (6th)

"The competition was very good. The K-State and Barton County runners provided a great challenge. Although the weather was very cold, I tried to stay warm and the weather didn't affect my performance. I enjoyed competing in the Relays more on the college level than on high school because of the stiffer competition."

Micheal Cox, Distance Medley Relay (1st)

"The order was different than we expected. We had our race based on a certain order and they switched it right before the race. We were a little worried about where we would place. I am very happy with the way I am running as a freshman. I didn't expect to run this well. It was a big deal to win. There's one senior on the team and it was his last chance to get a Relays watch. It was important to all of us to get a watch."

Katrina Brooks, 100 M Dash (.8th)

"My performance was okay. I got a really good start but I just didn't keep it going. I was shocked and excited to be in the finals. I love how good the competition is because it makes me run better."

UNIVERSITY OF KANSAS QUOTES

Margaret Sullivan - 400 M hurdles -- 3rd place

"Not winning is bad enough. Medals were my motivation and I knew I had to finish third. And I did. The home crowd affected me and worked to my advantage. It fired me up when I heard my name. Cathy Palacios, my roommate, has ran well all weekend, and that was the biggest motivaiton for me."

Pat Manson - Pole Vault --3rd place

"My last year as a Jayhawk, I wanted to win. But Scott Huffman is a role model and he wants to make the Olympic Trials. He trains here at KU and that makes it exciting for everyone. This is a fun meet for everyone but it is frustrating to not win."

UNIVERSITY MEN'S AND WOMEN'S QUOTES

Janet Treiber, Kansas State Univ.
10,000 Meter Run

"I was pleased with the race. I really did not have a time in mind that I wanted to run because it was my first 10 K ever. I have not really ran in anything over 1500 meters this year. So I just listened to my coach and he wanted me to hold back a little bit so I didn't go out fast and die."

"The conditions were great today. It was nice weather; however, there was some wind on the back stretch. It would have been boring if it would have been calm all day. I think the wind might have worn the Arkansas runner (Kim Mount) out a little bit because she was leading most of the way. She ran a good race and I think we really helped each other out."

Felicia Amajli, Barton County Comm. College
400 Meter Dash

"I could of run much faster and I should of run much faster. I can't run in the cold. It's far to cold here for me."

"It was okay (the competition). I guess if it was better, I might have run a better time. My coach said I was capable of breaking a record, but the girl who was my main competition dropped out of the race."

Marlin Cannon, Barton Co.
400 M dash

"The weather was a big effect. I can't get loose when it's this cold outside. I was tight so I didn't run as fast. All of us (Barton County runners) can run fast, but the weather slows us up. I wasn't happy with my time. I know I can run faster."

Paulette Staats, Kansas State
3,000 M

"The wind was really chilly. It tightened me up. There were a lot of good girls running. I guess they just didn't want to go with me. The Relays are a great opportunity. I really enjoy running in them. It provides me with a lot of experience."

Deion Rose, Barton Co.
110 High Hurdles

"Winning is pretty wonderful. My performance was not good. I got tied up. A victory here was very important. Competition was okay."

Kansas State, Earnest Greene
100 M dash -- 1st place

"I knew I had a good chance coming into the meet. I knew it would be between me and Thomas (Randolph, KSU teammate). He and I go way back. We competed against each other here and at the state competition. He's stronger than I am and he usually beats me, but I nicked him today. I need to get on the weights for next year so I can nick him more often."

UNIVERSITY MEN'S AND WOMEN'S QUOTES

Jerry Douglas, Michigan
110 High Hurdles

"I wanted to try to qualify for Nationals, but I hit too many hurdles. I just looked down and tried to stay focused. I looked forward to trying to qualify here this year, but it didn't work out. I wish the weather was warmer."

Harald Graham, Unattached (Reebok)
Steeplechase -- 1st place

"I came here with the idea that I wanted to run fast. Then I kind of changed my mind because I just wanted to go for the win. I knew it would be a good field with the two-time defending champion from Michigan. I didn't really know him (Jeff Barnett, Michigan). I just heard he was a solid runner and that was on my mind. I'm confident but I didn't know if I was going to win with Heffernan (KU alumni track runner) in the race. I mean, I could misjudge a hurdle and it could all be over."

Beverly McDonald, Barton Co.
100 M dash -- 1st place

"I won last year but I think the competition was a little better this year. This was a pretty big meet for us. "

Tina Stec, Iowa
1,500 M -- 1st place

"I'm just coming off a three-week layoff because of an injury. I'm just glad to be racing again. I didn't expect anything because I didn't know what to expect. "

"I ran the same race last year and being a freshman (last year) I was really overwhelmed. But this year, I knew my teammate was my strongest competitor and I wasn't so quite overwhelmed."

Cheryl Ann Phillips, Barton Co.
440 Relay (anchor) -- 1st place

"The competition is about the same as last year, but our team has gotten stronger. We've spent the last three weeks trying to lower our time. We won the Texas Relays. There's no team that can beat us around here."

Heather Berlin, Kansas
Javelin--3rd place

"I was happy with my performance yet I'm still disappointed that I didn't win. The weather didn't affect me, in fact I thought it was favorable to my throws. My personal record felt good, but I can still get better by working on my technique."

UNIVERSITY MEN'S AND WOMEN'S QUOTES

Cathy Palacios, Kansas
2 Mile Relay (anchor)--1st place

"It feels really nice to win at home especially with the crowd behind us. The UK runner gave me the curve and it made my run a lot easier. The KU women that we have are really young and they're gonna be a surprise to a lot of people."

David Oates, Barton Co.
440yd Relay (anchor)--1st place

"I feel really good. We had a good handoff on the last turn. You know, we can go at least 39.5 if we get all good handoffs one day. When we do that, you better watch out."

Christa Holms, Kentucky
Invite 1500 Meters--1st place

"I didn't think the time was fast enough. We usually run in meets with lots of SEC powers. So, Obviously I'm not in the lead a lot but today it felt really good coming down the stretch with the lead. It also feels really nice to win because my parents are here from Iowa and that's where I'm from."

David Kepelio, Unattached
Cunningham 1,500 M run -- 1st place (Defending KU Relay Champion)

"I feel good about my race. I just finished the indoor season at Emporia State and this is my first competition for the outdoor season. The Kansas Relays is one of the main meets I compete in and I always look forward to it."

Susan Hedrick, Nebraska
400 M hurdle -- 1st place

"I feel fantastic. Today I cut two seconds off my personal best. I had a great start and I nailed the first hurdle. As I continued around the track I noticed I was always the first over the hurdle, so my enthusiasm carried me. I went to high school at SM East and so the Kansas Relays is like coming home. My whole family is here to support me."

Beverly McDonald, Barton County
200 M -- 1st place

"It feels great to have four Kansas Relay first-place finishes (two in 1991, two in 1990). The relays are very well known, but I wish I had tougher competition. As a sophomore I am looking forward to moving to a higher level of competition."

Tyrone Minor, Drake
Long Jump -- 1st place

"I'm very happy with my performance. I beat my personal best today even though the weather conditions weren't good for jumpers. Everything came together today. I've waited a long time to beat my own jump. Finally I did it."

UNIVERSITY MEN'S AND WOMEN'S QUOTES

Scott Huffman, Unattached
Pole Vault -- 1st place

"It was very strange weather conditions because the tailwind was inconsistent. I had a decent jump and I'm happy with it, but I thought everybody would jump higher. There is always pressure to do well here in Lawrence."

Dave Rzeszutko, Illinois State
2 Mile Relay (anchor)--1st place

"We expected to win. We've seen Kansas and Michigan before and we knew they would be tough. We figured if we were all running hot we could do it."

Brett Ward, Illinois State
2 Mile Relay (1st leg)--1st place

"If we're running good, Dave's gonna run a great anchor leg. We aren't thinking keep it close for Dave. We want to go out and bury people."

Bryant Williams, Butler Co.
200 Meter Dash--1st place

"It's easier to be relaxed if you have another run (prelims). It's hard to get up for just one run. "

"The relays are good because it's half-way through the season and it really prepares you for the big meets. It's good to be running against universities because I'm going to be transferring soon."

Jennifer Brower, Iowa
5000 Meter--1st place

"This is a dream. I just can't believe it. I felt awesome."

"Last weekend, I ran the 10,000 and I was afraid I'd be tired. I had to concentrate on relaxing. This went really fast. I was just having fun. I wasn't expecting to qualify. (nationals) Usualt it's hard to keep a pace when you have a big lead. I don't know what got into me."
