

How to Access Mobile Tickets:

Step 1: Receive email containing link to tickets. Click on game link to access ticketing options.

Step 2: You will have two options to access your Mobile Ticket. Option 1 is to add the ticket to your Apple Wallet or Google Pay Account. Please verify your phone is equipped with one of these apps before proceeding with this option. Option 2 is to download a PDF version of the ticket. Once downloaded, we recommend taking a screenshot of the ticket and saving it to your Mobile Device. You can present the screenshot on gameday.
