

UNIVERSITY OF KANSAS *MEN'S GOLF*

The Jayhawk Golf Partners

Dear Jayhawk Golf Fans,

The 2023-24 season is here and we believe there is no better time than right now to be a Kansas Jayhawk. Entering my 12th year here in Lawrence, I look back on my many opportunities to coach against the best programs in the country. They all have great players, great facilities and plenty of support. The tradition at the University of Kansas is no different. The generosity of so many Jayhawk faithful has allowed us to open a state-of-the-art indoor and outdoor practice facility where our players can develop year-round. We have been to seven-straight NCAA regionals and won the 2018 West Regional. Last season, Will King made an appearance at the NCAA Championships as a freshman. We claim the 2019 US Open champion, Gary Woodland, as an alum and supporter. As we continue to grow the traditions and expectations of KU golf, we want all of our golf community to be a part of this team.

The Jayhawk Golf Partners is an organized booster club for the Kansas Men's Golf program. The club is designed to accomplish three things: increase awareness, raise money, and most importantly, connect successful alumni and golf enthusiasts with members of the golf team. All proceeds will go directly to facility maintenance, capital projects, travel flexibility and scholarship endowments. All funds earmarked through the Williams Fund for men's golf will now give you benefits within the Jayhawk Golf Partners. Each level of giving will provide its own access, but all members will be invited to "Hang with the Hawks," our annual fall celebration of KU Golf.

I recognize how many of you give and/or have given already to Kansas Athletics on an annual basis. For that, I thank you! We are knocking on the door of sustained success. The Jayhawk Golf Partners will help provide KU Men's Golf with the foundation of support required to compete at the elite level.

I hope you will join us in the pursuit of excellence.

Rock Chalk!

Jamie Bermel
HEAD COACH
